

Not all slick moves are smart

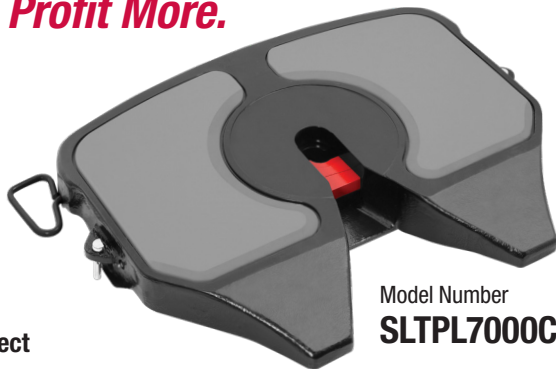

Make your connection with less grease

Goofing around with lube plates voids the Fontaine warranty, and that's never a slick move. The Fontaine Clean Connect top plate gives fleets all the benefits of the 7000 Series No-Slack fifth wheel, plus a grease-free top plate surface. If you want cleaner trucks and lower maintenance costs, go genuine with **Fontaine SLTPL7000CC**.

Grease Less. Profit More.

Fontaine 7000CC **Clean Connect** No-Slack® Fifth Wheel

Cleaner trucks, lower maintenance costs, and more uptime!

Features and Benefits:

- Connect tractors to trailers without applying grease on the top plate surface
- Reduces operating cost
- Improves shop productivity
- Mechanics work cleaner, faster and safer
- No greasy mess hiding potential frame defects or missing bolts
- Less grease getting squeezed out onto the highway helps protect our environment
- Get all the benefits of the 7000 No-Slack fifth wheel, plus a GREASE-FREE top plate surface

Application Information:

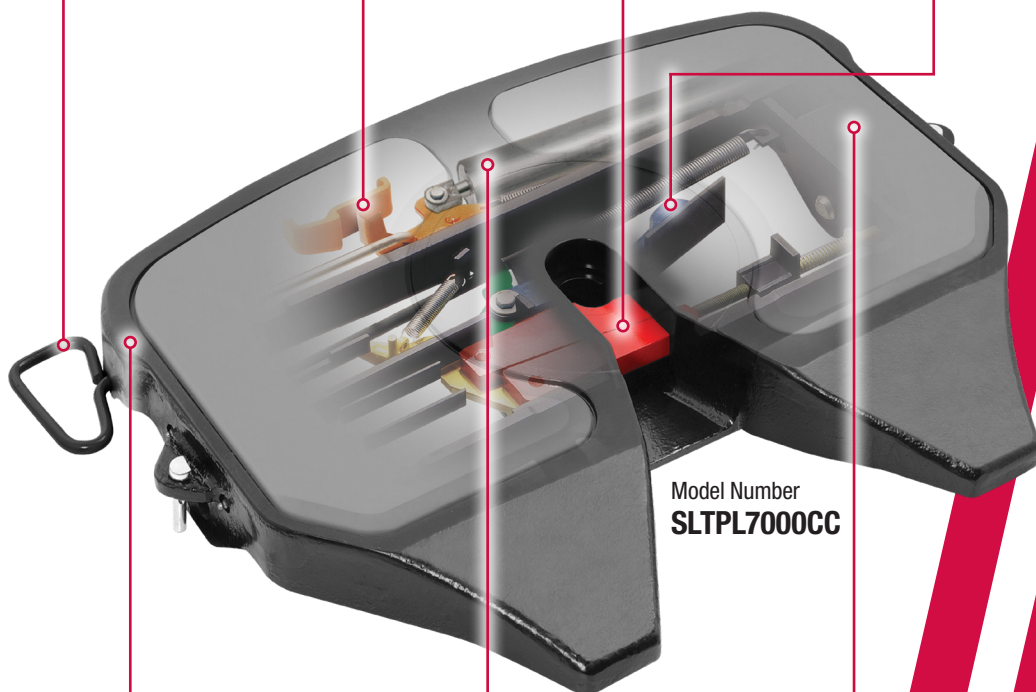

- Up to 140,000 lbs GCW (gross combination weight) if used on PMH, PMX, HDI or HDS mounting plate
- Up to 115,000 lbs GCW (gross combination weight) if used on a PML or LWB mounting plate
- 55,000 lbs vertical load
- Rated moderate-duty for on-highway applications with minimal coupling and uncoupling

Pull handle is the easiest to operate in the industry—No complicated opening sequence to remember

Built in secondary lock can only be released by pulling the handle

No-Slack® lock is self-adjusting to give you a snug, secure connection

Locking trigger helps minimize high-hitching to reduce tractor, trailer and tire damage

Model Number
SLTPL7000CC

Steel construction with a larger surface contact area for greater strength and stability

Optional in-cab air release only opens when the parking brake is set

Clean Connect™ reduces friction between the top plate and the trailer plate without applying grease
